

For beveling high quantities of workpieces with up to 3/4" bevel width

- Bevels metal plate, bar stock and weld coupons
- Bevels aluminum, steel, stainless
- Variable angles between 30° and 60°
- Separate variable speed motors for feed-rate and milling-head
- Milling head with 8, 4-sided indexable inserts
- Feed rate up to 10 feet/min
- Bevel widths up to 3/4 inch (19mm)
- Chip collection bin included
- Alternative table sizes available

SPECIFICATIONS	UNIT	MMB 400		
Material Type	Alum / Steel / Stainless	AL	S	SS
Max Bevel Width	inch	3/4	5/8	3/8
Bevel Angle (Variable)	degree	30°-60°		
Feed Rate	feet/min	0.5 - 10		
Power	KW	5.5		
Spindle Speed	RPM	2000-6000		
Dimensions (L x W x H)	feet	3 x 5 x 6		
Weight	lbs	1100		
Number of Inserts	Per Milling Head	8 (4 sided)
